Aug 7 2012 Even without bringback status a non import marked rifle is worth a bit more than an otherwise equal condition origin rifle. Now as you know this is a forum full of guys who love SKS rifles and some who know a whole lot about them

The first one of these top breaks I had was giventome by an old friend. It had a broken main spring and hand spring. I made a new main spring easily from a K frame spring by shortening and thinning it. The hand spring drove me nuts though

I tried umpteen different attempts before I hit on the right springiness Re Shotgun preteen vs

More about the stock I know the original owner of this rifle and he would not have refinished it in any way. I also don t believe the color is from cosmoline still in the stock. The second sks below it has a darker color duetocosmoline
