TERI COP30 Driving Climate Action from Ambition to Implementation At COP30 in Belm Brazil TERIleads Indias voice for climate justice resilience andequity bridging global ambition with local action through science policy andpartnerships for a sustainable future The EnergyandResources Institute TERI is an independent not for profit research organization advancing innovative solutions in energy environment climate change andsustainable development The EnergyandResources Institute TERI in collaboration with the British Council andHSBC inaugurated the SustainabilityandLeadership Camp atTERI India Habitat Centre New Delhi TERIInstitute of Energy Transition 37 Near Wipro Circle Gachibowli Hyderabad 500032 Tel +91 9440802153 Email teri.ioet teri.res Contact person Mr Kasi Viswanadham Adari Leading India s development journey for the past five decades by providing transformational solutions through policy research technological innovation andadvocacy TERIhas been at the centre stage of understanding the ecological impact of climate change to drive sustainable development A transition to clean energy lies at the heart of India realizing its long term net zero commitments

We aid this commitment by promoting on both demandandsupply sides energy efficientandrenewable energy based technological solutions that will enable India achieve its developmental goals along low carbon pathways

Foundations of our work are embedded in the key areas of Industrial Energy The introduction of the fertiliser developed through collaboration between the Guyana Rice Development Board GRDB andThe EnergyandResources Institute TERI of India marks a major milestone in the government s push to modernise the sector enhance productivity andreduce environmental impacts TERIhas played a central role in advancing Indias critical minerals agenda through its extensive policy research andstakeholder engagement contributions TERIfosters a culture that respects diversity in age gender education andrealises that each individual is uniqueandthat brings a fresh perspectiveandhis or her own skill sets to the table

This in turn helps us build a collaborative culture India s remarkable economic growth in the post liberalisation era has brought benefits to millions of people but this growth continues to be clouded by severe environmental problems

Our work focuses on creatingandpromoting a range of products solutionsandpolicies that reduce the adverse impacts on environment. We have developed innovative solutions for cleaning our air promoting water.
