TERI The Energy and Resources Institute is a not for profit policy research organization working in the fields of energy environment and sustainable development The Energy and Resources Institute TERI is an independent not for profit research organization advancing innovative solutions in energy environment climate change and sustainable development Leading India sdevelopment journey for the past five decades by providing transformational solutions through policy research technological innovation and advocacy TERIhas been at the centre stage of understanding the ecological impact of climate change to drive sustainable development Belm has delivered a message that the world cannot ignore

Climate justice begins with those who protect the forests

The next step belongs to governments including India to act on that truth writes Mr Sayanta Ghosh Associate Fellow Land Resources Division TERI TERIInstitute of Energy Transition 37 Near Wipro Circle Gachibowli Hyderabad 500032 Telangana Tel +91 9440802153 Email [teri.ioet@teri.res](mailto:teri.ioet@teri.res) Contact person Mr Kasi Viswanadham Adari A transition to clean energy lies at the heart of India realizing its long term net zero commitments

We aid this commitment by promoting on both demand and supply sides energy efficient and renewable energy based technological solutions that will enable India achieve its developmental goals along low carbon pathways

Foundations of our work are embedded in the key areas of Industrial Energy TERIhas played a central role in advancing Indiascritical minerals agenda through its extensive policy research and stakeholder engagement contributions TERIfosters a culture that respects diversity in age gender education and realises that each individual is unique and that brings a fresh perspective and his or her own skill sets to the table The introduction of the fertiliser developed through collaboration between the Guyana Rice Development Board GRDB and The Energy and Resources Institute TERI of India marks a major milestone in the government spush to modernise the sector enhance productivity and reduce environmental impacts India sremarkable economic growth in the post liberalisation era has brought benefits to millions of people but this growth continues to be clouded by severe environmental problems

Our work focuses on creating and promoting a range of products solutions and policies that reduce the adverse impacts on environment. We have developed innovative solutions for cleaning our air promoting water.
