Sep 8 2023 Empire of Corruption is a text based RPG with life sim elements written in Twine currently running as of the most recent build 150 000 words with a few solid hours of story in place Sep 13 2016 Looking for text based games that are quite good. I'm not fussed on furry content though

I don't find it arousing in the slightest but don't mind it. I prefer human like content maybe mutations of some kind but as long as they were human to begin with that's fine

Fantasy is fine I do like Nov 3 2022 Text based Interactive Fiction Games Recommendations This blog is for recommending all kinds of text based interactive fiction games and for just talking about IF's in general check the pinned post for more info Apr 19 2025 The Soul Stone War 3 on Steam By the power of your Soul Stone and the strength of your own indomitable soul uncover secrets held in blood and lead the charge that will change the world

A text based fantasy novel 260 000 words and hundreds of choices without graphics or sound 10 Likes Aletheia Knights May 18 2025 5 22am 66 store Sep 29 2024 I'd argue that text games are positioned to reflect management better than most because in reality you'll be basing your decisions on what people tell you text and provided numbers also text for the most part Not cutesy apps with icons and tooltips which spell out certain effects your decisions are going to bring Jul 29 2013 Are you looking for text based dating sims specifically? I don't think I know any aside from Choice of Romance but I know a site that lists english and english translated otome games visual novels and dating sims made for a female audience several of which are free to download if you want

Not a text one though sadly Sep 29 2016 It gives another perspective look when using text based or visual novel type game. I also think the discussion can help someone if they ever decide to make text or visual game Sep 26 2022 Sanctuary in Time is a text based adult game with sci fi RPG elements

It features an expansive free demo and 18 post launch updates that added new player requested features significant improvements and free additional content Feb 4 2022 I think I may be in a minority here about why I like text based choice games

For me I just really like the choices and playing the game. I love having lots of options especially character customization. The text based part is really only because text allows me to refer back to the narration at any time whereas audio does not

For most people though I get the impression the text part is Oct 29 2018 I have about \$5 to spend on a game. Which text based game should I buy? I got the Magicians Burden Good COG HG games?.
