Dec 31 2012 Using isn't as a general purpose tag question seems quite common in Asian Indian English

Standard English makes the verb in the tag match the main verb. You didn't wait did you? There are quite a number of questions in ELU about this sort of tag. Oct 11 2014 For 2 I hope the intended answer is I hope the cake isn't burnt.

If the cake were still being baked two acceptable answers would be I hope the cake won't burn or I hope the cake doesn't burn.

But both the original form I hope the cake won't be burnt and I hope the cake isn't burnt don't make that assumption. May 18 2012 I tend to think it isn't sounds a little more formal than it doesn't which sounds a bit more colloquial.

I don't really have any solid reason for that though. It just sounds right to me. Firstly have a look at this source. Now if you were to make contractions in these lines you would write Is not she a fine creature? = Isn't she a fine creature? Has not she parts? = Hasn't she parts? Is not her beauty natural? = Isn't her beauty natural? This kind of usage is now archaic.

According to this usage you would simply write isn't she as is not she hasn't she as has not. Aug 12 2014 That is the woman who married Tony isn't it? That is the woman who married Tony isn't she? Are both sentences correct? If they are what is the difference in meaning? May 22 2016 Good question.

I suspect it's mostly idiomatic with no hard and fast rules but your first example seems exceedingly rare. I can't think of any other cases where the is and not are split except questions of the form Isn't <noun> <adj>. Apr 20 2017 To be fair to the O.P.

An Ngram shows there isn't seems to be preferred over there snot so there might be some merit to the assertion that one seems more awkward than the other in certain situations.

But I stand by my answer: there are times when either would be good for improvement and other situations where either works just fine. Apr 17 2015 Each of these sentences looks like there isn't a free cam is there? and There is no free cam is there? are grammatically correct.

You don't follow one negation with another. What you are trying to do here is make a statement and then try to look for someone to negate that statement.

Hence the single negation policy. May 7 2015 I wish to know the difference between ain't and isn't and since I'm not a speaker of English as a first language I can't.
