Aug 9 2023 I have had to employers reach out asking if I am still interested but indeed won't load the message page everything else on indeed will load but the Oct 19 2023 An Insight on Indeed from the Employer POV I'm VP of Operations at an Outpatient Surgery Center with a Master's degree in Healthcare Administration

I handle all day to day operations including all human resource functions hiring firing credentialing etc. I see a lot of questions on this sub about how Indeed works so heres some insight Nov 2 2023 When Indeed automatically denies my application does the employer still see it? Let me clarify

Sometimes when I apply to a job I go into the My jobs section to see that Indeed labeled my application Not selected by employer 2.5 seconds after submitting the application. It's not the employer it's indeed I actually hire people from indeed. I will occasionally text to set up an interview

But my primary focus is actually calling them. I find going to the indeed site to contact via message or email a pain. It's much swifter easier to get in direct contact. But as an employer if that is the exact text they sent you

It is very poorly written

No offense to you if you are the writer lol for Oct 6 2023 A lot of times employers are not aware that by closing out their listing on the Indeed platform without taking any further actions through the platform that every applicant gets the Not selected by employer message

Note that in addition to being able to see resumes cover letter applicant info through the Indeed platform that the same info is emailed to the employer as well. So if the Jan 21 2024 So I've been looking for a way to find the date job listings on Indeed were posted

These are purposely hidden for jobs 30+ days old to make jobs seem more recent active than they are. I found a helpful comment by u rambobaby5000 about using the View Source Page function to find how many days ago a job was posted

Basically right clicking the job posting clicking View Source then Nov 28 2021 Indeed is just a glorified parasite of a website and most of the jobs you find on there are false doors

Indeed works by scraping hundreds or thousands of other websites for real job postings and recreates the information as a new job in its own format. An overwhelming majority of jobs posted here are clones. Applying to these cloned jobs does absolutely nothing

Nobody receives your Oct 4 2021 Has anyone ever successfully applied interviewed and accepted a position on Indeed? I saw a job posting for a position that is
