You can move files to Trash with Files by Google. You can also restore files you accidentally moved to Trash. Important This feature is available in Android R and will be rolled out in phases. To restore photos and videos Important You can only restore photos and videos if they're still in your trash

On your Android device open the Google Photos app. At the bottom tap Collections Trash. Touch and hold the photo or video you want to restore.

If the photo or video isn't in your trash it may be permanently deleted

At the bottom tap Restore

Your photo or video will be back in trash. How can I get bulk trash collected?

Bulk trash collection must be scheduled via 311 and must be scheduled at least 4 business days prior to pickup not including holidays. The number of pickups scheduled per day is limited to approximately 600

When the limit is reached collection may be scheduled for any other available date. Bulk trash collection must be scheduled via 311 and must be scheduled at least 4 business days prior to pickup not including holidays. The number of pickups scheduled per day is limited to approximately 600

When the limit is reached collection may be scheduled for any other available date. For more information or to schedule a pickup visit 311 online or dial 311. Restrictions apply. No Deleted messages move from your inbox to your trash

Learn what happens when you delete a message. Important When you delete a draft you can't recover it from Trash. When you delete a message in Gmail it's moved to Trash

Up to 30 days after deletion You can find the message in Trash. Check your Trash. Check your activity panel. Make sure you're logged into the correct account. Locate a lost shared file. Recover a lost file from a shared drive. Find your unorganized files in Drive. Deleted messages move from your inbox to your trash

Learn what happens when you delete a message. Important When you delete a draft you can't recover it from Trash. When you delete a message in Gmail it's moved to Trash

Up to 30 days after deletion You can find the message in Trash. Delete files in Drive for desktop. Important If you back up to Google Photos only photos and videos will be uploaded. Changes including deleting images won't sync between your computer and Google Photos

If you mirror or stream files between Google Drive and your computer any files you put in the trash are put in the trash everywhere. Oct 17 2024 Permanently deleted items from the trash bin cannot be recovered. You can restore recently deleted
