Salty and Treacherous were the first Reforges that were applied using items they have since been merged into the Reforge Stone system

Before Magical Power Accessories could be individually reformed The Rusty Anchor is a RARE Reforge Stone that applies the Treacherous reforge Fishing Rods can be used by players to level their Fishing skill May 14 2020 Or 100k on AHTreacherous gives the same SCC as stiff salty and is the best reforge for strength giving lots

Use this if you want your rod to be a weapon. It costs around 500k. Lucky is the best reforge in my opinion giving the same SCC as the rest but giving magic find

It costs a mil at jake and you need to bring a rabbit up to him Oct 8 2021 Treacherous not good you don't need the extra strength compared to stiff which is way cheaper Pitchin is pretty much the best because it's only lower scc compared to stiff on legendary and by the time you get a legendary rod you shouldn't need that small scc bonus compared to loss of speed The only situationally better one is Chomp which gives 1 extra fishing speed compared to Pitchin Terry is an NPC found by the Jerry Pond on Jerry's Workshop

He sells various Reforge Stones helpful for Fishing Isn't Treacherous the same thing just with Strength which no one needs on a rod and 10 times more expensive? Or does it also give you a higher Sea Creature catch chance? Mar 18 2019 So I have easily understood how important crit chance is in close to late game but I'm struggling to get 100% when I see others have it so easily

I would prefer not to have to use potions to get it

Most people say talismans are what contributes a lot to getting 100% crit chance but most Feb 2 2024 I know this post should be in Guides and Strategies instead of General Discussion but most people only reads General so posting this in here might can help more people who WANTS to be interested in Fishing not going around the bush let's go

Content I. Introduction II. Fishing Rods III Aug 19 2019 Make the Salty and Treacherous reforge only obtainable through the Fisherman

Most people have probably forgotten this NPC exists or simply don't know this NPC exists making the Salty and Treacherous reforge only available at the Fisherman would make him have a purpose after all he is a fisherman.
