Mar 13 2025 rogercooper said in Command line AI vs AIplayfeature igbi I like the idea of being able run a scenario multiple times for balancing Roger thanks for the reply. Yes it seems something like this would be of great use to heavy hitter modder players who endlessly creating new maps and mods

I have 4 mods of world\_war\_ii\_v5\_1942 and 1 mod of 270bc which I want to lock in on and mod Feb 25 2024 Curated Best Top Maps Below is a list of curated maps to help players pick a map from the 300+ available. Please suggest ways to make it better

The list is subjective and some people will not agree with the listings but something is better than nothing Aug 6 2025 I don t mind playing inTripleA even though I haven t played for a while but if he wants we canplay it only takes an hour and day but as I always said I prefer toplayby email as long as he is accredited on the dice server and I can verify it

I have already suffered because of that I will be beyond impressed if this game becomes anything other than a learner s game as playing viaTripleA is a learn by doing exercise. With that in mind a few things for your R1 beeleee Good morning

Hey before I start my AlliedTriple Play I realized last night that I made a major mistake with Soviets by leaving my stack in Belarus. You can bring enough to bear on G5 to wax my stack and end the game very quickly

I also negl victoryfirst Or if you already started your US turn then I could edit the naval move adjustments on the Italy turn if edit mode can do that as they were not anything that would impact yourtriple playmove I haven t seen themplayeither but glad the Billies beat them today

Interesting what you did with R7. Yes that is a little quirk inTripleA onlineplaywhich is that you can be a little sneaky as to what gets put in an Army Group. Whereas that doesn t work when playing on the board johnnycat It can be played against the computer AI

Not a good way toplayfor developing good strategy. But not a bad way to go for just learning theTripleA mechanics. The AI on TripleA is very simplistic so none of its moves will make alot of sens May 15 2017 prastle How to Host a Bot. Anyone that can host can host bots

Now you will need to place a bot folder or multiple ones in the same TripleA program folder. The below is an example of one of my bots. Using windows. Other operating systems are slightly different

```
echo off SET PORT=3363 SET BOT_NUMBER=25 SET LOBBY_HOST=45.79.144.53 SET LOBBY_PORT=3304 java server Xmx320m Djava.awt.headless A bit of bad news this
```
