Oct 17 2022 Is twat a term that has only recently entered American English and why is it pronounced differently to British English? Twatthe verb not offensive but slang for me is different totwatthe noun mildly offensive Twatl think of as one of the stronger words probably just a bit less offensive than fuck

As I understand it there was traditionally a North South divide on this word with it being rated much less offensive down South. Generally more Southerners viewed it just as a variation on twit whereas Northerners viewed it as slang for vagina Nov 19 2022 Hes a UK based poet

Bat andTwatrhyme in sub forms there. Here its more of a slant rhyme but permissible nonetheless

Hes shit enough without having to resort to western centric analyses Oct 27 2021 What is the difference between calling someone atwatand a prick? I keep hearing these words to describe in British media but I can t quite tell if they are used for different types of people

Is there a difference? Archived post. New comments cannot be posted and votes cannot be cast Jun 18 2022 Twatis probably similar to shit on a swearing scale maybe slightly less bad. Depends a little on context. Similar in severity to arsehole or dickhead

Basically if you wouldn t say arsehole asshole in a speech then I wouldn t saytwat. Where are you from? I ve heard there are parts of the UK where it s much less rude and similar to twit 12K votes 192 comments. 1.8M subscribers in the CasualUK community
