for a few days and finally found a solution after contacting support

Here is the solution so you don t have to contact support InValorant that would  
mean purple enemy highlight color. But purple might be problematic because omen  
smokes are purple and generally harder to see unless you are a tritanope

I have been using red enemy outlines for months because I saw the contents of  
your posts before but after reading about that study I changed to yellow Welcome
