Sep 30 2021 Critics consensus A sequel aimed squarely at fans of the original s odd couple chemistry Venom Let There Be Carnage eagerly embraces the franchise s sillier side

Publication score Review Tribune News2.5 4 Doesn t have that sense of joyful discovery and gleeful mischief that the first film did because it s obviously now a comedy on purpose Venom The Last Dance Venom The Last Dance could be a title that explores the idea ofVenomfacing his ultimate challenge or culmination of his story arc

Here s a brief synopsis that could fit the title In a world increasingly wary of symbiotes Eddie Brock finds himself hunted by both old enemies and new threats Venom Let There Be Carnage has finally arrived! With screenings starting as early as the evening of September 30th in some parts of the world let s share all of our spoiler filled discussions about the new movie in this thread Dec 28 2021 I seriously think that was the worst movie I saw in the last two or three years

Everything was rushed as hell waaaaay too much humor and Carnage is basicallyVenomin red. They missed his character completely. And the movie is so damn short

I feel like it shouldve been at least 120 minutes long and they shouldve use this time to really dive deep into the character of Cletus actually Aug 5 2021 In the newestvenom 2trailervenomssays something along the lines of shit it s a red one that got me wondering is the symbiote hierarchy based on colour? And if so how come a symbiote made fromvenomis more powerful than him? Archived post
