Jan 21 2025 This work presents VideoDepth Anything based on Depth Anything V2 which can be applied to arbitrarily long videos without compromising quality consistency or generalization ability

Compared with other diffusion based models it enjoys faster inference speed fewer parameters and higher consistent depth accuracy Check the YouTube videos resolution and the recommended speed needed to play the video

The table below shows the approximate speeds recommended to play each video resolution Jun 3 2024 Video LLaMA An Instruction tuned Audio Visual Language Model for Video Understanding This is the repo for the Video LLaMA project which is working on empowering large language models with video and audio understanding capabilities Feb 23 2025 Our Video R1 7B obtain strong performance on several video reasoning benchmarks

For example Video R1 7B attains a 35.8% accuracy on video spatial reasoning benchmark VSI bench surpassing the commercial proprietary model GPT 4o Highlights Video LLaVA exhibits remarkable interactive capabilities between images and videos despite the absence of image video pairs in the dataset Fix a problem Watch videos Manage your account settings Supervised experiences on YouTube YouTube Premium Create grow your channel Monetize with the YouTube Partner Program Policy safety copyright We introduce Video MME the first ever full spectrum Multi Modal Evaluation benchmark of MLLMs in video analysis

It is designed to comprehensively assess the capabilities of MLLMs in processing video data covering a wide range of visual domains temporal durations and data modalities Online Video Streaming Unlike previous models that serve as offline mode querying responding to a full video our model supports online interaction within a video stream

It can proactively update responses during a stream such as recording activity changes or helping with the next steps in real time Generate videos with Gemini Apps You can create short videos in minutes in Gemini Apps with Veo 3.1 our latest AI video generator

Simply describe what you have in mind and watch your ideas come to life in motion whether you're creating for fun sharing with friends or visualizing a concept Video is an electronic medium for the recording copying playback broadcasting and display of moving visual media

It brings together all the techniques allowing the constitution or restitution of electrical signal representing moving images.
