touching or rubbing Feb 1 2023 Porn sells voyeurism but that will change once virtual sex apparatuses allow for personal participation in any sex act without real life visibility and accountability [[33] [34]] Apr 1 2022 Meanwhile exhibitionism and voyeurism are positively related to the intensity of SNS use through content production and content consumption

Except for the direct association between exhibitionism and content production voyeurism is directly associated with content consumption Mar 1 2025 However important place based insights remain marginal within mainstream slum tourism literature studies characteristically adopt a demand side perspective which filters out the role of place
