Jun 24 2025 The World Economic Forums latest Top 10 Emerging Technologies report explores the tech on the cusp of making a massive impact on our lives Nov 18 2025 Too few organizations have credible strategies to meet their net zero goals

Here s how international and verifiable standards can provide a unified reference point for credible net zero action Dec 9 2024 Davos 2025 the Annual Meeting of the World Economic Forum takes place from 20 24 January under the theme Collaboration for the Intelligent Age Jan 24 2025 The World Economic Forum s Annual Meeting 2025 has come to a close in Davos Switzerland

Leaders came together for a week of discussions under the theme Collaboration for the Intelligent Age

Compiled here is our coverage of the key takeaways and quotes from the week across the five main themes Jul 14 2025 A new report finds audiences increasingly turning to social media and video for news with podcasting personalities and AI answers emerging as trends Nov 28 2025 We may be on the edge of a triple financial bubble one that could reshape the global economy

Historical analogies abound but contending with three market distortions at once is rare Aug 5 2025 2025 has been marked by significant global shifts including increased geopolitical instability the accelerating impact of AI and a changing labour market Dec 5 2025 Care is more vital than content in education says Akshay Saxena of Avanti Fellows but AI can lighten teachers workloads so they can focus on connection Aug 22 2025 Technological advancement particularly since the advent of AI has been driven by many interests in recent years but humanity isn t one of them

Society is experiencing a humanity deficit a widening gap between prioritizing innovation and neglecting what it means to be human

Unless we collectively recognize the risks that unchecked technology poses to humanity and human evolution How can we build prosperity within planetary boundaries? Infrastructure food systems and natural ecosystems are all affected by climate change reinforcing the need to further develop nature based solutions as part of an integrated approach.
