Jun 24 2025 The World Economic Forum's latest Top 10 Emerging Technologies report explores the tech on the cusp of making a massive impact on our lives Dec 9 2024  
Davos 2025 the Annual Meeting of the World Economic Forum takes place from 20-24 January under the theme Collaboration for the Intelligent Age Jan 24 2025 The World Economic Forum's Annual Meeting 2025 has come to a close in Davos, Switzerland

Leaders came together for a week of discussions under the theme Collaboration for the Intelligent Age

Compiled here is our coverage of the key takeaways and quotes from the week across the five main themes Nov 28 2025 We may be on the edge of a triple financial bubble one that could reshape the global economy

Historical analogies abound but contending with three market distortions at once is rare Jul 14 2025 A new report finds audiences increasingly turning to social media and video for news with podcasting personalities and AI answers emerging as trends Dec 5 2025 Care is more vital than content in education says Akshay Saxena of Avanti Fellows but AI can lighten teachers' workloads so they can focus on connection Aug 5 2025 2025 has been marked by significant global shifts including increased geopolitical instability, the accelerating impact of AI and a changing labour market Aug 22 2025 Technological advancement particularly since the advent of AI has been driven by many interests in recent years but humanity isn't one of them

Society is experiencing a humanity deficit, a widening gap between prioritizing innovation and neglecting what it means to be human

Unless we collectively recognize the risks that unchecked technology poses to humanity and human evolution Oct 29 2019 From cutting violence in half to turning the whole economy circular a set of optimistic predictions drawn from global experts in the World Economic Forum's Global Future Councils Dec 3 2025 China's approach to renewable energy buildout combines large-scale investment, technological innovation and market reform

China is installing more renewables than any other economy but that rollout is not without its challenges. How China overcomes market financing and systemic challenges holds lessons for other economies investing in renewables.
