At theweekendis the British usage on theweekendis the American form Feb 19 2006
InApril I wash the car at seven o clock on Mondays

On theweekenddoes not necessarily refer to any particularweekend inthe same way
that thisweekend would although you can use On weekends I wash the car or On
theweekend I wash the car for a more generalised Oct 26 2005 I agree that on
theweekend as if aweekendwere a day since on is used for days or at theweekend
as if theweekendwere the end of the week and hence a pointintime since at is
used for pointsintime are more natural Nov 28 2018 What s the difference between
at thisweekend and thisweekend when they are usedina sentence

How do we use them correctly? For example can I say I am going to visit my
friends at this we Oct 21 2015 which is the right grammatical saying from these
I will do my work on theweekend I do my workinweekends or I will do my work at
theweekend ? Jun 13 2022 Now weekendas we now know it is a U.S

invention

The practice of organising employmentina way that provides for most people not
working on both Saturday and Sunday first appearedinthe U.S.inearly twentieth
century became commoninthat countryinthe decades that followed and then spread
to most of the world after the Second World War Oct 29 2018 Where I
liveinsouthern California I often hearweekendreferred to as plural eg on the
weekends

Is this proper English and is it commonly heard elsewhere or is it just
ignorance unique to my r May 2 2017 As has been pointed out several times on
this site Her Majesty and her subjects never do things ON theweekend. They do
things on Saturday and on Sunday but NEVER on theweekend

They do things AT theweekendand OVER theweekend seldom during theweekend Dec 2
2006 The adjectival or attributive version is generallyweekend weekendbag
weekendsailor. Something for theweekend is always so There are no examples of
week end orweekendbeing used to mean the end of the week

Edit Correction there is one example for definition 1.c The end i.e. the last
day of the week Saturday. dial. Theweekendwould be the 6th 7th

How do you refer properly to the comingweekend Thisweekend or Nextweekend ? I
believe that using nextweekend would refer to the 13th 14th and thisweekend
would refer to this week s end. Technically the comingweekend 6th 7th would be
the nextweekendon the calendar. So which is correct?.
