On theweekenddoes not necessarily refer to any particularweekend in the same way that thisweekend would although you can use On weekends I wash the car or On theweekend I wash the car for a more generalised Oct 26 2005 I agree that on theweekend as if aweekendwere a day since on is used for days or at theweekend as if theweekendwere the end of the week and hence a point in time since at is used for points in time are more natural Nov 28 2018 What s the difference between at thisweekend and thisweekend when they are used in a sentence

How do we use them correctly? Something for theweekend is always so There are no examples of week end orweekendbeing used to mean the end of the week. Edit Correction there is one example for definition 1.c The end i.e. the last day of the week Saturday. dial

Theweekendwould be the 6th 7th. How do you refer properly to the comingweekend Thisweekend or Nextweekend ? I believe that using nextweekend would refer to the 13th 14th and thisweekend would refer to this week s end. Technically the comingweekend 6th 7th would be the nextweekendon the calendar

So which is correct?.
