Also to add is that often times people do associate SeaDoo s with sinking although in my opinion I do think that Sea Doos look better but the maintenance and aftermarket support with the Waverunner is far better. Reply reply Successful Thedoois the guitarist for creed that s about to go on tour

He dropped hints towardsit in his latest video on YouTube Jul 21 2023 In the flashback from ScoobyDoo 2you see them as teenagers 16 17ish and ScoobyDoo as a puppy add 7 years to that sequence plus the two year break they took after the opening of the first movie and add the2year gap between each movie you d have roughly an estimate of 11 years or so The last time ScrappyDooappeared as a legitimate character in an animated Scooby Dooproject and not just a joke or reference was in Scooby Dooand the Reluctant Werewolf which came out 35 years ago

A common criticism against him is that he is bland or has no personality which are statements that havent been true since the 70s in my opinion. So in light of the ScoobyDoofranchise seeing a burst Nov 15 2022 38 votes 23 comments
