The meaning of WHILE is a period of time especially when short and marked by the occurrence of an action or a condition time. How to use while in a sentence While and whilst mean the same when we use them as conjunctions

They both mean during the time that something else happens or in contrast with something else. While is much more common than whilst and whilst sounds more formal I only stayed for a short while To spend time idly or pleasantly while the hours away

[Middle English from Old English hwl see k w ei in Indo European roots.] While is a word in the English language that functions both as a noun and as a subordinating conjunction

Its meaning varies largely based on its intended function position in the phrase and even the writer or speaker's regional dialect WHILE meaning 1 during the time that 2 used to make a statement that describes how two people groups etc. are different While describes a length of time

If you were describing a first date you might say We sat there for a while in an incredibly awkward silence

Use the word while to talk about an unspecific period of time like when you ask your friend if you can borrow his notebook for a while Definition of while conjunction in Oxford Advanced Learner's Dictionary

Meaning pronunciation picture example sentences grammar usage notes synonyms and more A while is a period of time. They walked on in silence for awhile. He was married a little while ago

Working at low intensity means that you can continue to perform the activity for a long while usually used in adverbial phrases a period or interval of time once in a long while trouble or time esp in the phrase worth one while it's hardly worth your while to begin work today While is a subordinating conjunction used to indicate a simultaneous action or condition between two clauses

It helps create complex sentences by connecting an independent clause with a dependent clause often showing contrast or time.
