AndroidWorkProfile can be set up on an Android device to separateworkapps and data from personal apps and data

With aWorkProfile you can securely and privately use the same device forworkand personal purposesyour organization manages yourworkapps and data while your personal apps data and usage remain private AndroidWorkProfile can be set up on an Android device to separateworkapps and data from personal apps and data

With aWorkProfile you can securely and privately use the same device forworkand personal purposesyour organization manages yourworkapps and data while your personal apps data and usage remain private AWorkProfile is a self contained profile on an Android device for storingworkapps and data.WorkProfile allows separation ofworkapps and data giving organizations full control of the data apps and security policies within aWorkProfile

Simultaneously users retain privacy over their personal apps data and usage For example at the end of your workday over the weekend or when you re on vacation. When yourworkprofile is paused workapps won t run generate notifications or consume data and battery life

You also won t be able to accessworkapps or widgets. If you try you ll see a message asking if you want to turn yourworkprofile on again What policies is my organization enforcing on my device? If your device has aWorkProfile your organization can view and manage yourworkapps and data

Your personal apps data and usage details aren t visible or accessible to your organization Workor school Google Account You might have a Google Account that was set up through yourworkor school a club or maybe family or friends. This is often called a Google Workspace account

If you also have another Google Account that you set up just for yourself you might notice some differences when using each account The list of the students assignedworkfor the classassignments questions or quizzeswith the due date if there is one

The status ofworkassigned turned in late or missing. If the student sent you a private comment youll see Comment next to thework

Optional To see details or answers click theworkView Details Managed Google Play allows organizations to deploy and manage apps on Android devices and enables end users to access a curated Google Play Store for your organization

Organizations must register wit If your device has aWorkProfile your organization can view and manage yourworkapps and data. Your personal apps data and usage details arent visible or accessible to your organization or Android
