Use Thermo Scientific Xcalibur software to control, acquire and interrogate data from Thermo Scientific LC/MS systems and related instruments. XcaliburSmart Mapping provides comprehensive services in data acquisition, management, interpretation and modeling.

Data quality is essential for biodiversity protection as it enables the development of a responsible mining sector that supports the transition to more sustainable energy sources. Xcalibur software integrates seamlessly with application-specific Thermo Scientific software packages and now includes both Thermo Scientific FreeStyle and Thermo Scientific Almanac web-based monitoring for cloud-enabled and cloud-independent functionality. Xcalibur, the animated series created by Benjamin Legrand, Amlie Aubert and Philippe Druillet, offers a captivating and action-packed journey into a medieval-like Kingdom filled with magic, treachery and heroism. The Xcalibur platform eliminates the need for paperwork, provides accurate up-to-the-minute information on material flow and speeds up invoicing.

With real-time data always at hand, you can accurately report on stock levels, financial position and quickly identify any errors or fraudulent activity. Aug 12, 2025.
