Apr 11 2011 What s the reasoning behind abbreviating hugs and kisses as X s and O s? Some say X is for hugs and O is for kisses and some say the other way around but why X and O and why are they doubled? Aug 21 2010 My first guess was that it s some sort of an onomatopoeic abbreviation but Wikipedia points out that there s also an XOX where the O means a hug

Apparently you can also write XOXO or XOOX or in fact combine the two letters in any way you like. The strange thing is that personally I d rather associate an O with a kiss and an X with a hug than the other way round

Oct 4 2020 In my opinion it has to do with signing a letter using XOXO to mean hugs and kisses. Some sources claim that X has religious connotations and mean Christ so by signing X you re actually saying In Christ s name I assert \_\_\_\_\_

Some sources say that the signee would then kiss the X to demonstrate that what was written in the document was true Jun 2 2015 The newest I can think of would be XOXO O and X are crude visual representations of a hug and a kiss respectively

I know it s arguably not a word still Then we have words like U turn T bone and V neck which are named after the shape of the letter as against words like X rays A team and B boying Dec 27 2012 I am writing an email to a family member in law or brother sister

While in the past I used love and signed off with my first name for closing I usually wondered if there are better words I co I am confused about when to use finish instead of complete and vice versa

May you help me in understanding when to use those words? We ve all been overwhelmed with work or seen an underwhelming movie but it occurred to me that I ve never heard anyone use the root word whelm. whelm verb 1. to submerge engulf. 2

to over Dec 6 2014 The spelling with the I sound is shalln t. Also I came across this after I heard it in Stargate SG1. Season 9 Episode 4 The Ties that Bind. About 25 minutes in

Daniel Jackson is told something along the lines of we shall have to get used to each other. And he replies No we shalln t. Also iOS autocorrect will automatically punctuate shalln t for you What are other idioms or expressions for the phrase I can t wrap my head around ?

In context But what I still can t wrap my head around is why she behaved like that Aug 11 2014 Is we are finished grammatically correct? I thought it would be more correct to say We have finished.
