Sep 1 2017 The certificates on W3Schools however are just random certificates on a random Internet site i.e. they're basically worthless and not worth paying money for. The title of this thread should be changed because it contains potentially misleading information

The W3C has and never will offer any kind of certifications Jun 4 2018 I usually just use W3Schools as a quick reference

They do have some comprehensive stuff but it is not enough but hey I use it as additional resource besides MDN and more resources means more examples and stuff that can help you understand a concept even further of course this depends on the quality of your resource

About additional websites I just mentioned MDN. I know you're not Mar 1 2017 The site has been updated since then and has removed those article specific comments. I think they have shifted from rather than bashing W3Schools to just promoting that there are better resources out there

Maybe even also because W3Schools has improved its quality since then. That archived article is from 6 years ago

But interesting nonetheless! Thanks for sharing!

w3schoolw3cschoolw3schools312 Feb 27 2025 Example of lambda syntax  
[https://www.w3schools.com/python/python\\_lambda.asp](https://www.w3schools.com/python/python_lambda.asp) lambda arguments expression  
Arguments and parameters go together right? Replace pass with a lambda function that has expense as its parameter

So that leaves the expression your lambda function should return the value of the amount key in the expense dictionary Apr 6 2025 W3Schools W3Schools offers free online tutorials references and exercises in all the major languages of the web
