Come join the discussion about racing builds pro mods hot rods events turbos nitrous superchargers and more! Nov 9 2025 Oh wow I really really really hope that happens! I figured VMP would be hosting an IHRA national event with NHRA removing it from their schedule

Memphis I had really been hoping for but wasn t sure about. I ve been watching a lot of the big money bracket races at Montgomery and thinking man this is a really nice facility worthy of hosting a national event

So I m pleased to see it on Mar 17 2012 I was looking at another site and it gave me an idea. Let s post up our old Drag race photos from the 50 s 60 s and 70 s. I m sure some of you have some pretty cool old car photos from back in the day

If so what s the best auto parts store stocked filter these days? Jun 29 2024 I see most people settle with the default layouts that comes with the Holley Pro Dash

In my opinion I think the first default background is the best looking one. I ve been modifying that particular gauge panel so people could put additional digital gauges for a smoother look. The May 7 2025 I ve thought about trying a big radial on my car 32x14

The radials are a supposed to be a faster tire and you dead hook them. If you dead hook a bias slick you lose ET. This makes no sense to me how dead hooking one can be faster but the other will slow you down. Who has went from a big tire Nov 8 2013 just got this for cheap

from what I ve read its a gen 5 block it is one peace rear main and it is a 4 bolt. From what I ve read these should be roller motors this one is not. It came out of a 93 c3500. the heads are 156 s

Bad news is when I pulled the heads off number 2 was missing some.
