A forum community dedicated to drag racing drivers and enthusiasts

Come join the discussion about racing builds pro mods hot rods events turbos nitrous superchargers and more! Nov 9 2025 Oh wow I really really really hope that happens! I figured VMP would be hosting an IHRA national event with NHRA removing it from their schedule

Memphis I had really been hoping for but wasn't sure about. I've been watching a lot of the big money bracket races at Montgomery and thinking man this is a really nice facility worthy of hosting a national event

So I'm pleased to see it on Mar 17 2012 I was looking at another site and it gave me an idea. Let's post up our old Drag race photos from the 50's 60's and 70's. I'm sure some of you have some pretty cool old car photos from back in the day

Let's see what you all have stashed away Where the weak are killed and eaten!!!! Vulgar language and nudity may be enclosed!! No Politics or Hate Speech!! NWS Feb 6 2014 Going Deeper On The Future Of Mobile Service With Curbee's CEO YellowBullet Forums Mar 7 2025 Is there any truth to this? If so what's the best auto parts store stocked filter these days? Jun 29 2024 I see most people settle with the default layouts that comes with the Holley Pro Dash

In my opinion I think the first default background is the best looking one. I've been modifying that particular gauge panel so people could put additional digital gauges for a smoother look. The May 7 2025 I've thought about trying a big radial on my car 32x14

The radials are supposed to be a faster tire and you dead hook them. If you dead hook a bias slick you lose ET. This makes no sense to me how dead hooking one can be faster but the other will slow you down. Who has went from a big tire Nov 8 2013 just got this for cheap

from what I've read it's a gen 5 block it is one piece rear main and it is a4bolt. From what I've read these should be roller motors this one is not. It came out of a 93 c3500. the heads are 156's

Bad news is when I pulled the heads off number 2 was missing some.
