The TripCheck website provides roadside camera images and detailed information about Oregon road traffic congestion incidents weather conditions services and commercial vehicle restrictions and registration Statewide Oregon Road Conditions Highways with no adverse conditions do not show up on this report Roadside Cameras The following lists provide links to all ODOT roadside cameras

These links open popups with still camera images ODOT RealTime signs give you up to the minute traffic information and advisories so you can get where you re going safely and efficiently Customize a dashboard of your favorite cameras from TripCheck s collection of highway cameras TripCheck Road Weather Road Conditions Map NOAA Forecasts Custom Cameras Trucking Center Winter Travel Chain Law Traction Tires Minimum Chain Requirements Winter Road Maintenance Winter Driving Safety Winter Driving Guide Other State Links California Idaho Nevada Washington Text Reports Road Conditions Local Events NOAA Forecasts Weather ODOT RealTime Find Out More Read the ODOT RealTime fact sheet

Read the ODOT RealTime FAQs. What is ODOT RealTime? ODOT RealTime is a new system that will help make roads safer and help Oregonians get where they re going more efficiently by providing real time traffic information to drivers

The first ODOT RealTime projects started on Portland area highways in July 2014. What kinds of signs How Will I Know Its a Conditional Closure? On the Map Youll see a new red and yellow striped line indicating a Conditional Closure

This is different from our standard closure line which remains red and white. Alerts Section Look for the CC label in TripCheck alerts for up to the minute information on these partial closures Oregon Chain Law Oregon s chain law applies to all highways throughout the state

When you drive in winter conditions you may see signs telling you to carry chains or traction tires and when you are required to use them. In some areas lighted message signs also will advise you about chaining up

Traction tires may be used in place of chains on vehicles rated at 10 000 pounds gross vehicle The new TripCheck provides unlimited space to add cameras automated weather stations data from local jurisdictions and provides the necessary space for future needs.
