In February 2021 the Palestinian Authority announced the implementation of its own postal codes and that postal items not bearing a postal code would not be processed after April 2025. In recent years the Palestinian Authority has introduced a modern postal code system.

This system involves an alphanumeric format beginning with the letter P followed by a series of digits. If you need a Palestine address example, you'll find some below.

Smart address verification tools can help you format Palestinian addresses correctly so your mail doesn't take an unexpected detour. An official website of the ministry of telecommunication and digital economy of the State of Palestine, The Palestinian Authority PA, has announced Sunday it will begin using its own postal codes. A move at easing the delivery of parcels in the occupied territories as well as asserting sovereignty. The PA says it has decided to start using its own postal codes in an attempt to ease the delivery of mail and parcels to and from the occupied territories as well as asserting sovereignty. The Palestinian Authority announced Sunday it would begin using its own postal codes. A move at easing the delivery of parcels in the occupied territories as well as asserting sovereignty.

International mail sent to or from the occupied West Bank currently has to pass through Jordan or Israel.
